The Paul Scherrer Institute PSI is the largest research centre for natural and engineering sciences within Switzerland. We perform cutting-edge research in the fields of matter and materials, energy and environment and human health. By performing fundamental and applied research, we work on sustainable solutions for major challenges facing society, science and economy. PSI is committed to the training of future generations. Therefore about one quarter of our staff are post-docs, post-graduates or apprentices. Altogether PSI employs 1900 people.

For the Pharmacology Group we are looking for a

Senior Scientist

in biology, biochemistry, pharmacy or veterinarian medicine

Your tasks

- Autonomous management of research projects
- The in vitro and in vivo evaluation of radiopeptides for cancer therapy
- The establishment of new cancer mouse models for therapy evaluation
- The design and evaluation of new combined therapy strategies
- Collaborating with national and international research partners from academia and industry
- Co-supervising and supporting students at the Bachelor, Master and PhD level

Your profile

- You hold a PhD in biology, biochemistry or pharmacy with excellent qualifications
- You have already published in high ranking journals
- You have a FELASA B accreditation or you are willing to achieve one
- You are experienced in in vitro or/and in vivo evaluation techniques
- You have to be fluent in writing and speaking English
- You are an enthusiastic and creative scientist interested to work in a very interdisciplinary environment

We offer

Our institution is based on an interdisciplinary, innovative and dynamic collaboration. You will profit from a systematic training on the job, in addition to personal development possibilities and our pronounced vocational training culture. If you wish to optimally combine work and family life or other personal interests, we are able to support you with our modern employment conditions and the on-site infrastructure.

Your employment contract is limited to 2 years.

For further information please contact Dr Martin Behe, phone +41 56 310 28 17.

Please submit your application online (including list of publications and addresses of referees) for the position as a Senior Scientist (index no. 2222-02).
