<u>Access to the ICSD and International Tables of Crystallography</u>

- Once on Orion computer, open a terminal window.
- Connect to lnsl15 network. This can be done entering the following command:
    - 'ssh -Y lnsg@lnsl15.psi.ch'
    - Password: 18lns1
- Once connected, you can open a web browser through the terminal using 'firefox&', for instance. You are now on the correct PSI network, which IP address will be recognized by the two website's identification systems.
- Webpages can be found at:
    - https://icsd.fiz-karlsruhe.de/search/basic.xhtml
    - https://it.iucr.org/Ab/ch7o1v0001/
- Other websites accessible from normal PSI network should be accessible as well.
