Beamline:

This **Qty:**

IATA-approved cooling container(s):

S/N, Type:

contains: **About 1 mg of** frozen PROTEIN Crystals, solid and very fragile **SAMPLES for scientific research purposes only** - (not subject to EMK in Switzerland).  
(the samples will be examined at the Swiss Light Source of PSI)

Customs Tariff Number (HS Code):

This material is NOT biologically or chemically hazardous, not dangerous, not for therapeutical use, not toxic, not infectious, not pathogenic, no diagnostics, no drugs. It does not contain animal or cell culture derived additives such as albumin or serum. The samples are for laboratory testing purposes only.

THE CONTAINER THEREFORE MUST NOT BE OPENED IN TRANSIT, AS THIS WOULD CAUSE DESTRUCTION OF THE CONTENTS BY THAWING!
