

PSI Career Mail

PSI Career Center – Training. Career. Happiness.

Dear all

I am happy to send you a second March edition of the PSI career mail. Spring has started and with this there is quite something going on regarding job market and career events.

This time, the spotlight is on a **DATA CHALLENGE for everyone in academia** by Roche.

Please, also have a look at

- The upcoming career events
- Battery Experts wanted
- Life Science opportunities in Consulting

I wish you all the best and stay healthy.

Enjoy reading,
Yvonne

Spotlight on...

Healthcare Xplorers

READY FOR A DATA CHALLENGE?

Are you an **out-of-the- box thinker** with a **passion for data analytics** and **engineering**?

The Healthcare Xplorers offers students (incl. PhDs) the possibility to participate in different **challenges**, which are designed by Roche Mentors and posted per batch.

The current batch offers challenges in the field of **Personalised Healthcare (PHC)**, **Lab Automation and Process**, and **Manufacturing Analytics**.

Batch No. 2 will remain open until **April,18th**.

ACCEPT THE CHALLENGE AND GET STARTET...!

(PSI) Career Events – learning, networking, fun...

More details: <https://intranet.psi.ch/en/pa/career-events>

13 April – all day – own platform

Poly-E-Fair – The virtual career fair of ETH Zurich

Registration: <https://www.polyefair.ch/>

22 April – 5pm – Zoom

A realistic insight into academic careers

Registration: https://indico.psi.ch/e/academiccareer_2021

Battery Experts wanted

Volkswagen has concentrated the activities on the topic of battery cells in its "**Center of Excellence**".

In the Department of Battery Cell Development, they deal with the development and implementation of strategies, strategic partnerships, as well as strategic projects.

They are looking for (*job ads in English!*) experts in the **development of materials** for lithium-ion **battery cells**:

- [Anode materials development expert](#)
- [Cathode materials development expert](#)

Life Science opportunities in Consulting

The biotech and pharma industries continue their fast-paced digital evolution.

Find out what kind of problems we solve with our pharma and health care clients and how we support them. Also, understand how we helped bring to life the antimicrobial resistance (AMR) action fund and why this is an extremely important topic.

April 8 from 6 – 7.30pm

Application until April 1 for students (BSc, MSc and PhD) and young professionals with up to 5 years of work experience.

PSI Career Mail

The PSI Career Mail addresses mainly PhD and Postdocs. It shares news about job opportunities (academia and industry), career & networking events, ideas regarding your career development and others.

The PSI Career Mailing is sent out about once a month or upon need.

To unsubscribe from this list, please click on this [email](#).

Subscriptions can also be terminated by logging in to [Sympla](#), clicking on

"subscription" or "Abbestellen" on the left hand side and following the respective instructions.
