

## PSI Career Mail

PSI Career Center – Training. Career. Happiness.

Dear all

I am happy to send you the April edition of the PSI career mail.

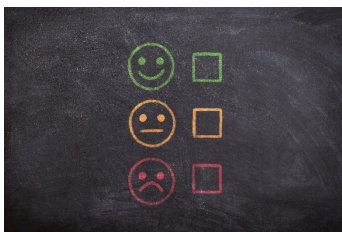

This time, the spotlight is on two internal aspects: the HR's interest in **feedback** provided by those colleagues who are leaving PSI. And this time the PSI's PhD & Postdoc Association is also highlighted.

Have you already registered for one (or all) of the upcoming PSI **career events**? We continue with the virtual format until summer. You find all details further down or on the [intranet page](#).

In the meantime, I wish you all the best and stay healthy.

Enjoy reading,  
Yvonne

## Spotlight...

### **Feedback to PSI from an alumni perspective**

PSI is **keen to get feedback** from its departing staff, especially from PhDs and Postdocs, as a contribution to the **further development** of the institute's leadership, procedures and structures. Therefore, leaving employees receive an email with a link to our online exit survey and the request to spend max. 15 minutes telling us what you liked at PSI and in which area, we need to change. Confidentiality is guaranteed. Everyone understands that there are plenty of last-minute things to do, but it would mean a lot to PSI as institution if feedback could be provided by filling in the survey once time has come.

## PhD & Postdoc Association – An essential moderator

Do you want to be part of a **small but powerful organization**? Do you want to have an **impact**? Do you want to gain a broader network while investing a small amount of your time in an **essential moderator** at the institution you are working?

Are you interested in joining the team?

Join the next Board Meeting: on every last Tuesday of the month at 11:30.

Next Zoom meeting on **April 27**, 2021: <https://psich.zoom.us/j/95784760828>
