

PSI Career Mail

PSI Career Center – Training. Career. Happiness.

Dear all

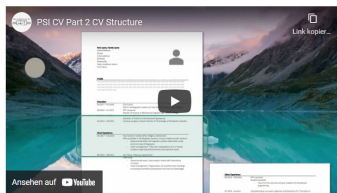

I am happy to send you the May edition of the PSI career mail.

This time, the spotlight is again on two aspects: there are now **video tutorials** available on **how to create a CV** for an application in industry/government in Switzerland and Credit Suisse is looking for people eager to work in data analytics.

Have you already registered for one (or all) of the upcoming PSI **career events**? We continue with the virtual format and have some cool topics and great speakers invited for you. Details are further down or on the respective [intranet page](#).

Enjoy reading,
Yvonne

Spotlight on...

How to create your CV/application package – video tutorial

If you are interested in apply for an open position in industry or government in Switzerland but you are not sure how to create your documents, you find now information in form of 3 videos on [PSI intranet](#). So, **watch** the three **tutorials**, put your documents together and [book](#) an **individual career consulting session** with the career center to fine-tune your dossier and discuss your job search strategies.

Data analytics opportunities with Credit Suisse

Do you think finance area does not offer any interesting job opportunities for scientists? Yes, it does!

PSI alumn [Manav Tyagi](#) (Postdoc 2010 – 2012) leads the data science team at one of the biggest banks in Switzerland. In his team, there is an open position as [Data Scientist/Engineer Digital Transformation](#) and the company is looking for more data accomplished people.

It can't be that unappealing if PSI alumni are working there, can it?
