

PSI Career Mail

PSI Career Center – Training. Career. Happiness.

Dear reader

I am happy to send you the August edition of the PSI career mail.

Even though the weather in Switzerland hasn't been very summery so far, many of you might enjoy a short break. Career planning doesn't stop when leaving the lab for one or two weeks. Sometimes, it even helps to hike up a mountain or ride a long a lake to get new ideas and a different perspective.

I wish you a nice summery, suitable clothes to any weather and a mellow change of perspective from time to time.

Enjoy reading,
Yvonne

Spotlight on...

SBB – far more than “just” trains...

Who doesn't know them, the **SBB trains** that transport us from (almost) everywhere to (almost) every corner of Switzerland? In addition, very punctually, too. However, the SBB are not just the trains and the stations as we have all experienced them umpteen times, but also an attractive employer that offers **numerous opportunities**.

Some of these **open positions** can be exciting next career steps **for PhDs/postdocs** from PSI. Among others, a **“[Fachexperte/in Lokalisierung](#)”** is being sought in Bern (*this ad in German only, there are many vacancies available in English as well*). This job involves, among other things, **analyzing ways in which trains can be**

localized with track accuracy using **inertial and satellite navigation sensors**. Sensor fusion, which also processes map information, is at the heart of this.

For more job opportunities, check the [SBB website](#) and/or subscribe to the **job newsletter**.

(PSI) Career Events – learning, networking, fun...

More details: <https://intranet.psi.ch/en/pa/career-events>

How to create a successful CV
for a non-academic application in Switzerland

28 September 2021 – 5pm (virtual by Zoom)

[Registration](#) (open until 27 September 2021)

Open to all PSI employees.

LinkedIn & Xing

How to use LinkedIn & Xing (or other social media) for your job search

21 October 2021 – 5pm (virtual by Zoom)

[Registration](#) (open until 20 October 2021)

Open to all PSI employees.

PSI Education Center – training, webinars, workshops

PSI Education Center offers some online courses to consider ongoing Corona restrictions and to respect the safety and security of course participants. Check the list of all courses [here](#).

Call from academia

LS² Annual Meeting 2022 – PIs of tomorrow

Geneva, 17 – 18 February 2022

This session **offers postdocs interested in an academic career an opportunity to present a plenary talk** similar in format to a professorship interview seminar.

Selected participants will have the chance to get a slot for a **15-minute** presentation, which should appeal to a broad audience, and in which the achievements accomplished and the proposed future research is to be explained. The talk will be followed by a 10-minute discussion on various aspects of the proposed activity. A knowledgeable **jury panel of professors** will evaluate the presentations.

The best presentation **will be awarded** a prize. However, everyone is a winner, as all presenters in the session will **receive feedback from the jury in a one-on-one private session** afterward. **Only applicants having ties to Switzerland will be considered** (i.e. Swiss citizenship, Swiss residency, past or ongoing affiliation with a Swiss institution of at least two years by the 2022 meeting). Independent position holders are not eligible.

Deadline: 01 October 2021 (eod)
