

# PSI Career Mail

PSI Career Center – Training. Career. Happiness.

Dear reader

I hope you had a smooth start into 2022.

Do you have any specific plans? Do you (have to) develop a new idea/vision of your career? Will you be looking for a job in this year, which just has started?

I'll do my best to support you in any career development of this year.

Having said so, I would like to thank all those, who have taken the time and provided feedback on my survey to look back on 3 years of PSI career center. THANKS!

Analysis and results of the survey will be shared in one of the next career mails.

Enjoy reading,  
Yvonne

Spotlight on...

**Siegfried**

**... Siegfried – a trendsetter in the CDMO industry**

The company offers pharmaceutical industry partners a **comprehensive range** of services – from development of drug substances to product development, registration and manufacturing to packaging and logistics. Once a fully integrated pharmaceutical company, Siegfried is one of the few suppliers today that can **provide both the drug substance and the drug product development** and production capabilities. This combination of know-how and experience is unique for a supplier of development and production services.

Siegfried is looking – among others – for a chemical, mechanical or process engineer as **Project Leader Global Engineering**.

If you are interested in **applying** for a challenging position at an international company located, click [here](#).

### **Zurich Life Science Day 2022**

Let's start the year with the biggest career fair for life sciences in Switzerland - the Zurich Life Science Day.

The organisers have been working tirelessly to bring you a myriad of pharma companies who are looking for the best talent to join them (yes, you!). They have over 18 companies joining, available for 1:1 meetings to answer all your burning questions - and yes, they also want your CV.

Is that all? No! They have 10 talks showcasing different roles in the pharma industry plus a keynote speaker Dr. Derrick J. Rossi, co-founder of Moderna.

Join the Zurich Life Science Day 2022 virtually on **February 8th!**

Register free [here](#).
