

PAUL SCHERRER INSTITUT

# PSI Career Mail

PSI Career Center – Training. Career. Happiness.

Dear reader

**Athletes**, who have focused on this one event for the last months, exciting competitions and (un)lucky looser as well as deserved winners – those are only some of the aspects of the Olympic games. The preparation and dedication of those athletes, who are competing right now in China, **resemble** the focus and self-motivation of a **young researcher**. No one can predict the outcome of an Olympic competition. Too many factors have to be right at time X - and a bit of luck comes into play as well.

However, there is a big difference: An Olympic athlete has **a single attempt**, sometimes only a few minutes, to achieve the desired goal. Meanwhile, a young researcher has several trials to find the next job. Often there is **more than one option**, be it in different companies, industries or parts of the country.

With this in mind, I wish you continuing exciting Olympic games to watch from afar.

Enjoy reading,  
Yvonne

Spotlight on...

... **Mettler Toledo – precisely where you belong**

Mettler Toledo's precision instruments are the foundation of research and quality control labs all over the world. High-performance weighing solutions offer a basis for solid R&D results – pipettes, thermal analysis instruments and automated chemistry solutions. Mettler Toledo provides solutions across the customer's value chain including R&D Laboratories, Quality Control Laboratories, Scaleup & Production, Filling, Packaging, and Logistics.

Aiming for sustainable and breakthrough performance, METTLER TOLEDO has long been a leader in innovation and quality. They offer a broad variety of open positions at their headquarter in Greifensee (Switzerland).

If you are interesting to know more, visit their [website](#) or join the [PSI Career Event](#) with PSI alumn and now Mettler Toledo employee Johannes Zarfl.

## (PSI) Career Events – learning, networking, fun...

All available details [here](#).

### CV Webinar - How to create your CV for a non-academic application in Switzerland

- 10 March 2022, 5pm on Zoom
- Registration: [here](#)

### Meet APP - The somewhat other consulting agency

- 21 April 2022, 5pm on Zoom
- Registration: tbd (will open soon)

### Meet Mettler-Toledo – A chemist in the world of precision instruments

- 02 May 2022, 5pm on Zoom
- Registration: [here](#)

### **LinkedIn & Xing - how to use these virtual business networks for your job hunt**

- 05 May 2022, 5pm on Zoom
- Registration: [here](#)

### **Meet Bystronic - high-quality solutions for a productive and sustainable future**

- 12 May 2022, 5pm on Zoom
- Registration: tbd (will open soon)

*All PSI career events are open to all PSI employees. :0)*

## **PSI Education Center – training, webinars, workshops**

PSI Education Center offers some online courses to consider ongoing Corona restrictions and to respect the safety and security of course participants. Check the list of all courses [here](#).

## Call from academia

### **2022 Call for the Korean-Swiss Young Researchers' Exchange Programme**

Application deadline: **20 March 2022**

Eligible candidates: doctoral students, and in exceptional cases early-career postdoctoral students, from Swiss universities, universities of applied sciences, and public research institutes. The call is open to all scientific disciplines including social sciences and humanities.

Type of exchange: candidates apply for a research stay in South Korea

More details: [here](#)

### **2022 Call for the Chinese-Swiss Young Researchers' Exchange Programme**

Application deadline: **31 March 2022**

Eligible candidates: Switzerland-based senior researchers from universities, universities of applied sciences and public research institutes and from all scientific disciplines including social sciences and humanities.

Type of exchange: senior researchers apply to host early-career Chinese scholars (doctoral students or postdoctoral students) for a research stay in Switzerland.

More details: [here](#)

## Industry is looking for...

- Leica Geosystems – [Photogrammetry Development Engineer](#) – Heerbrugg
- MaxWell Biosystems AG – [Fiel Application Scientist](#) – Zürich
- Sensirion – [Business Development Manager Biotechnology](#) – Stäfa
- Swiss Institute of Bioinformatics – [Scientific Coordinator / Knowledge Graph Engineer](#) – Rapperswil-Jona
- Mettler-Toledo – [Software Architect](#) – Greifensee
- Siegfried – [Senior Lab Technician Analytics \(60-80%\)](#) – Zofingen

## PSI Career Mail

The PSI Career Mail addresses mainly PhD and Postdocs. It shares news about job opportunities (academia and industry), career & networking events, ideas regarding your career development and others.

The PSI Career Mailing is sent out about once a month or upon need.

To unsubscribe from this list, please click on this [email](#).

Subscriptions can also be terminated by logging in to [Sympla](#), clicking on "subscription" or "Abbestellen" on the left hand side and following the respective instructions.
